

# GILDAN®

STYLE & COLOUR GUIDE | EUROPE 2025

64800L

64800

**Celebrating 20 years of Sustainable Manufacturing**

Since the early 2000s, we have been early adopters of responsible apparel manufacturing, committed to respecting and protecting human rights, managing resources efficiently, and fostering positive development in our communities.

Gildan® is a brand owned by Gildan Activewear Inc. All statements and claims refer to Gildan Activewear Inc. and its operations as a whole.

**FOR MORE DETAILS ON  
OUR ESG PRACTICES  
AND INITIATIVES**

**RESPECT FOR THE ENVIRONMENT**

We understand the importance of protecting our future, that is why we are reducing our reliance on fossil fuels, and reducing water intensity and optimizing our operations:

- Goal to reduce both our direct and indirect greenhouse gas emissions.\*
- Goal to reduce our water intensity by 20% by 2030 (compared to a 2018 base year).

**RESPECT FOR CIRCULARITY**

We are committed to minimizing our impact on the planet, which is why we strive for more circularity, responsible consumption and production patterns.

- Goals to source more sustainable textile fibers and yarns, such as sustainable/certified cotton and recycled polyester.
- Increasing use of recycled and sustainable packaging.
- Reducing manufacturing waste to landfills.

**RESPECT FOR PEOPLE**

As we continue to work closely with our employees, we take pride in fostering a safe and empowering workplace.

- Achieve gender parity for the collective group of employees representing director-level and above positions by 2027.°
- Implementing high health and safety standards.

**RESPECT FOR COMMUNITIES**

Supporting the regions we work in is part of how we care for our communities and ecosystems.

- Increasing the amount we donate to our communities.
- Continue to encourage employee volunteerism.
- Maintaining a high percentage of local managers hired.

**RESPECT FOR TRANSPARENCY**

What sets us apart is the vertical integration of our manufacturing operations, giving us strong oversight of our supply chain, which helps us to achieve greater visibility, integrity and ownership.

- Transparently showing you the people behind our apparel.
- Continuously reporting on sustainability progress and targets.

\* Our absolute Scope 1 and Scope 2 GHG emissions by 30% by 2030 (compared to a 2018 base year) and our Scope 3 GHG emissions by 13.5% by 2030 (compared to a 2019 base year).

° Based on the International Labour Organization's definition of parity (40 to 60% of either gender).

**OUR NUMBERS SPEAK  
FOR THEMSELVES.**

**46.6%**

of apparel packaging and trims contains recycled materials and/or have relevant sustainability certifications\*

\*in 2023

**\$12.4M**

donated to local communities\*

\*from 2018 to 2023

**97%**

of employees are represented by health & safety committees\*

\*in 2023

**RECOGNITIONS**

But don't take our word for it, here is how recognizable organizations ranked us:

**Dow Jones  
Sustainability Index**

**Corporate Knights' –  
The Best 50 Corporate Citizens in Canada**

**TIME Magazine -  
World Most Sustainable Companies**

**S&P Global –  
Sustainability Yearbook Award**

# BUY SMART. LOOK SMART.

At Gildan®, we're all about helping you make the smart move by providing dependable, quality printwear at the best prices. The kind of product that raises eyebrows and IQ's.

How do we achieve this?

Our vertically integrated manufacturing model allows us to oversee nearly every aspect of production, from supporting American farmers by purchasing U.S. cotton to loading your order onto the delivery truck. This ensures the greatest possible consistency, so you can count on a small Gildan® 5000 to fit consistently.

Our mission to make you look smart doesn't stop there. We're constantly innovating to enhance our products, with our new Soft Cotton technology that makes for softer and durable styles.

And if choice is what you need, we've got you covered. From 100% U.S. cotton to 100% polyester, performance wear to polos, and semi fitted to classic fits, we have the ideal option for any decorating technique.

From garments that look stylish on you or on paper, Gildan has you covered.

**Gildan®. Just Smart.**

## GILDAN® YOUR TRUSTED APPAREL PARTNER

Successful businesses always look for smart ways to satisfy their customers. At Gildan®, we understand that mission and are here to support you. We offer high-quality, affordable apparel in diverse styles, sizes, colours, and fits, ensuring you have the flexibility to get what you need.

This year, we've expanded our lineup with four new styles—SF100, SF008, 3000, and 3000B—and introduced new colours like Aquatic to your Gildan Softstyle™ fleece.

We have also rolled out our innovative Soft Cotton technology, now featured in the 2000 and 5000 family of styles. This process makes fabrics softer and more comfortable while maintaining affordability and durability, making it great for printing

Gildan® is committed to your success, offering smart solutions for your apparel needs.

Gildan®. Just Smart.

## Special Tips

**DTG:** The amount of pre-treat used on fabric blends might differ to the amount used on 100% cotton.

**SUBLIMATION:** Best results on 100% polyester, use it preferably on white or light colours. Use 50% polyester blends or higher for vintage and faded prints. Always check temperature settings to avoid melting of polyester.

# DECORATOR'S

## HEAT TRANSFER / DTF

Heat transfer involves combining heat and pressure to transfer images to garments. This is a great option for detailed prints, customization, shorter runs and quick turnaround times.

## DIRECT TO GARMENT

Direct to garment printing (DTG) is printing on textiles using inkjet technology which usually utilizes specialized water-based inks. DTG is particularly effective for short runs, full color printing, or for reproducing fine detail.

## EMBROIDERY

Embroidery is sewing a design, type or logo onto a garment with special thread. This technique gives garments a higher perceived value and works particularly well on heavier weight garments such as fleece.

# TECHNIQUES

## TIE DYE

Heat transfer involves combining heat and pressure to transfer images to garments. This is a great option for detailed prints, customization, shorter runs and quick turnaround times.

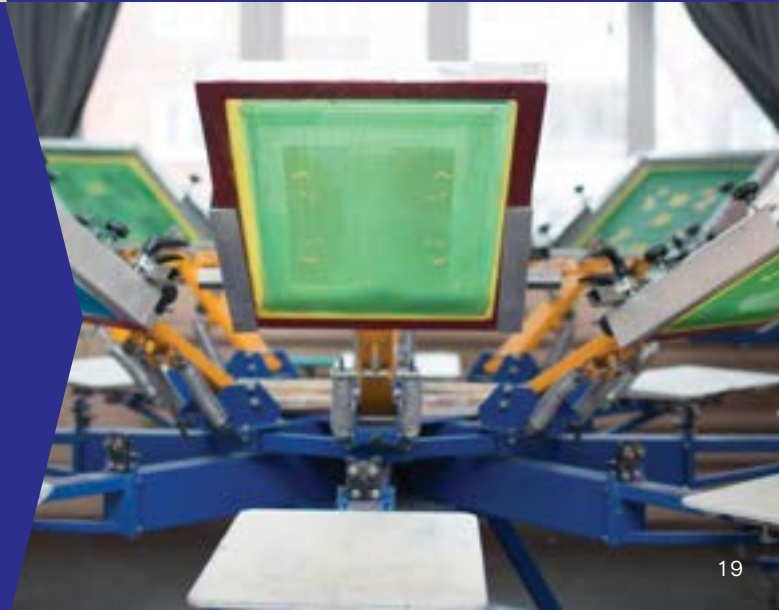

## SUBLIMATION

Sublimation printing is a digital process that uses heat and pressure to turn inks into gas, which then penetrates materials for a permanent imprint. This method results in high-quality, vibrant prints that are less prone to cracking or fading.

## SCREEN PRINT

Screen printing (or silk screening) is a technique that uses stencils and ink to create designs on garments. It is the most economical method for producing large quantities that involve cotton or cotton-blend garments.
